

Polishing cups and points for composites, gold and amalgam

**For Professional Use Only**

**FOR COMPOSITES:**

- Medium = Yellow (240 mesh aluminum oxide)
- Fine = Grey (600 mesh aluminum oxide)
- Extra-Fine = White (800 mesh aluminum oxide)

**FOR GOLD AND AMALGAM:**

- Brown (Pre-polish)
- Green (Final polish)

**POLISHER - INSTRUCTIONS FOR USE**

1. "Snap" the cup or point firmly onto the re-usable mandrel (available to fit either FG or LA handpieces).
2. Polish wet or dry at rotational speeds not to exceed 20,000 RPM.
3. The polishing agent is built-in ... no additional paste needed.
4. After use, the cups and points may be considered single-use products and disposed of properly. Or they may be sterilized by cold disinfectants or autoclave.

Composite resin formulas all polish differently. For best results, start with the Medium (Yellow) and follow with the Fine (Grey) and Extra-Fine (White) shapes, or until improved smoothness no longer becomes apparent. With some microfills and higher-resin formulas, you may be able to skip the Medium (Yellow) shapes and go directly to the Fine (Grey) and X-Fine (White) polishers.

These abrasives are impregnated with polishing ingredients to provide fast, brilliant results without pumice or tin oxide. Cups are for proximals, mini-points are for occlusals.

**PROXIDISC - INSTRUCTIONS FOR USE**

ProxiDiscs® are designed for smoothing contacts or to remove excess bonding agents or cements.

1. Tie a safety loop of dental floss through the hole in the handle.
2. Roll the ProxiDisc firmly through the contact area with pressure to remove excess material trapped in tight proximal areas.
3. After use, ProxiDiscs may be considered single-use products and disposed of properly. Or they may be sterilized by cold disinfectants or autoclave.

**ORDERING INFORMATION**

**FOR GOLD OR AMALGAM POLISHING:**

- REF 850017 30 Gold/Amal Final Polish Brown Points
- REF 850018 30 Gold/Amal Final Polish Brown Cups
- REF 850057 30 Gold/Amal Pre-Polish Green Points
- REF 850058 30 Gold/Amal Pre-Polish Green Cups

**FOR COMPOSITES:**

**Assorted Kit**

- REF 360054 Zip-Zip-Go Composite Polisher Kit

**Medium Cups & Points**

- REF 840017 30 Medium Yellow Points
- REF 840018 30 Medium Yellow Cups
- REF 840015 100 Medium Yellow Points
- REF 840016 100 Medium Yellow Cups

**Fine Cups & Points**

- REF 840057 30 Fine Grey Points
- REF 840058 30 Fine Grey Cups
- REF 840055 100 Fine Grey Points
- REF 840056 100 Fine Grey Cups

**Extra-Fine Cups & Points**

- REF 850071 30 X-Fine White Cups
- REF 850072 30 X-Fine White Points
- REF 850073 100 X-Fine White Cups
- REF 850074 100 X-Fine White Points

**MANDRELS:**

- REF 830001 10 stainless steel LA mandrels
- REF 830002 24 plastic mandrels (autoclavable)

**PROXIDISCS:**

- REF 860002 18 Abrasive, 2 sides
- REF 860003 18 Smooth, 2 sides
